#### ***Mill Road bridge replacement over Bradford Creek***

Madison, AL – Replacement of the bridge located on Mill Road over Bradford Creek is currently in process. The existing bridge, constructed in 1937, is load-restricted and functionally obsolete.

Mill Road from Mose Chapel Road to County Line Road will be closed to through traffic beginning on Tuesday, May 30, 2017 and ending on Sunday, August 6, 2017, coinciding with the summer break for Madison City Schools. The detour plan is attached and will be clearly marked along the roadways.

Residents who live within this closure are asked to drive slowly and follow all posted signage and crew instruction.

The City of Madison thanks you for your patience as we continue upgrading infrastructure, resulting in improved safety and quality of life for our citizens.

If you have any questions or need additional information related to this project, please contact Jenny Spain at 256-772-8431 or by email at [jenny.spain@madisonal.gov](mailto:jenny.spain@madisonal.gov)
